

## TIG ARGON AUTOMATIC WELDING MACHINE

▼ Sample Output

### ❖ Data

WEIGHT	135.0kg (297lb)
BODY SIZE	620 W x 810 D x 1300 H / 24" X 31.8" X 51"

(Single Phase 220V / 10A / 50 ~ 60 HZ) : Transformer Included

### ❖ Functions

- ▶ All of the functions of the Manual Welder G7000B PLUS
- ▶ Can select Automatic or Manual mode
- ▶ Beginners can easily weld with only a 30-minute training
- ▶ Consistent welding quality and volume production possible

### ❖ Intellectual Property

※ Automatic Welding Device for Dieboard Blade Welding / Patent No, 10-1616340 (S. Korea)
